.....
Petitions are accepted for presentation to the Board of Commissioners **from the first week in October to the first week in May ONLY**. If you have any questions concerning this petition, please call Donna Hall with the Engineering Services Department at 312-7268.
.....

The undersigned owners of property in Columbia County petitions the Board of Commissioners to install and service street lights for the area designated above. The cost will be levied as a special tax against the property within the district and shown on each year's tax bill beginning with the **2004** Tax Year. The rate to be determined by the Board of Commissioners annually. This rate is subject to increase as the cost of servicing increases. The approximate cost of street lights at the time of this petition is **\$43.00** per lot per year for the district.

If the proposed street light district represents less than 50% homeowner owned lots, the developer and/or builder(s) must agree to pay a **\$43.00** fee per lot for each lot within the district at the time petition is submitted. This does not eliminate the first year's tax effective with the **2004** Tax Year. If the district is represented 50% or greater homeowner owned lots, there is no one-time fee prior to installation. In either case, the petition must represent a minimum of 75% of all lots within the proposed district.

NOTE: Before signing this petition, please read the attached policy carefully. Your signature indicates that you have read and understand this policy. The petition is valid for 90 days from the date of the first signature.
